

HYDRAJAWS® Combined Universal Safety Lifeline Tester

Frame, Tester & Accessories (Kit 2)

Lighter, more compact and very user friendly, the Hydrajaws Safety Lifeline Anchor Tester clamps directly to the 8mm wire rope and will test all the swaged components during installation and for annual inspections in accordance with existing safety standards.

The tester is supplied with all necessary accessories to enable the operator to test existing installations including those with long terminating assemblies without any additional parts having to be used.

The combined kit features cable tester and Model 2000 Tester & accessories.

Our new improved kit includes:

- Hinge Type clamp arrangement with 2 bolts (previously 6)
- Smaller/Lighter 2.4kg
- Threaded holes for securing clamp bolts during use
- Integrated nut with removeable handles

Kit Contents

- 50mm stroke tester,
- 0-25kN gauge*,
