Safety Lifeline Cable Tester Kit 2

Our latest design is light, compact and very user friendly. Manufactured to exacting high standards, the **Hydrajaws M2000 Safety Lifeline Cable Tester** frame clamps directly to the 8mm wire rope and comes with all the accessories to test existing installations including those with long terminating assemblies without any additional parts needed.

Trusted by market leading fall protection installation companies worldwide, the Safety Lifeline Cable

Tester is an essential tool for carrying out testing procedures conforming to relevant BS and interanational standards.

The Safety Lifeline Cable Tester is easy to use and easily transported. It comes complete with a comprehensive user manual and the backing and support from our technical team at Hydrajaws.
